INDIAN ROADS CONGRESS.

No. IRC 15.

Dated, Simla the 10th August 1939.

From

K. G. Mitchell, Esquire, C. I. E.,
Consulting Engineer to the Government of India
(Roads (,
President, Indian Roads Congress,

To

The Secretary to the Government of Bombay,
Public Works Department,
Bombay.

Sir,

I have the honour to requesta you that, if there be no objection and it can be conveniently arranged, proof copy of all the Public Works Department Technical Papers, on subjects related to roads, which your Government are about to publish, may from time to time be supplied to the Secretary, Indian Roads Congress in order that the Congress may have the opportunity of ordering the requisite number of additional copies for distribution to its members before the type is distributed.

I may add that, as the Roads Congress is financed largely by the subscription of Members, it would be greatly appreciated and would enable the Indian Roads Congress to do more in the direction of distributing such Technical publications to its members, if your Government could allow a special price for these extra copies- about 500 - based on the extra cost involved rather than the average price.

I have the honour to be,
Sir,
Your most obedient servant,

Consulting Engineer to the Government of India
(Roads).
President , Indian Roads Congress.
